Thompson, the Judge Who Be King

(FROM SAN LEANDRO NEWS)

There were two addresses given in San Leandro last week before the San Leandro Kiwanis and Rotary clubs in which the speakers, both intelligent and well-informed men, Peter J. Cross and Jacob H. McCartney, pointed out that this country is soon to reach the forking of the ways in which the people must choose between either the ideals of our forefathers as set forth in our constitution or the tortuous route of experiment which will lead us down the path of dictatorship, strife and dissension. Both men pointed out that it will be upon the spiritual qualities of our forefathers' teachings that the country will stand or fall.

Of paramount importance in our constitution is the bill of rights which, among other things, guarantees to the American people freedom of speech, freedom of the press and right of assembly and petition.

Historically, those rights were gained only after hundreds of years of bloodshed, strife and suffering.

Today the people of California are called upon to defend one of those rights, THE FREEDOM OF THE PRESS.

Most persons are unaware of the fact but their defense will

lie in how they vote in the case of IRA F. THOMPSON, candidate for associate justice of the California supreme court.

In THOMPSON is exemplified the old adage, "the king can do no wrong."

Men must stand or fall upon their past records, and on their records we must judge them. There is one mark against THOMPSON, and it is as black as the devil's hip pocket.

THOMPSON, in 1926, was called from Los Angeles to sit upon the superior court bench in Imperial Valley in a recall case. Details of that case are many and as far as the voters and the press are concerned, unimportant.

The important point of the case was that THOMPSON, after reviewing the facts, announced his decision orally. To all intents and purposes that decision was final and irreversible.

On the basis of this oral decision, Norman H. Parks, then the editor of the Holtville Tribune, at present publisher of the Township Register, Niles, wrote an editorial denouncing Thompson's decision as "judicial Bolshevism."

As an upshot, he was arrested, and without a jury trial, found guilty by Thompson, thrown in jail and fined \$500 for contempt of court.

Whether or not Parks was right or wrong in his conclus-

ions is immaterial. What is important is that THOMPSON was unable to stand public criticism. He took as a personal affront criticism of his judgment as a jurist. When his judgment was disagreed with, he threw his critic into jail and levied a \$500 fine.

And now this demi-god asks to be elected to the supreme court bench of California!

Had Parks editorialized in an effort to influence the opinion of THOMPSON before the decision had been rendered, THOMPSON would have been justified in his charge. But this was not the case for THOMPSON had ALREADY stated his decision.

It is against just such judicial tyrants that our freedom of the press, guaranteed in the bills of rights, should protect us, but what chance would appellants have before a supreme court packed with that type of judge?

THOMPSON is opposed by only one candidate, George Edward Acret. The primaries will decide the election. We ask our readers who believe in the ideals of our DEMOCRACY to vote against THOMPSON.

ACRET we guarantee you a clean, able and TOLERANT jurist who will be an honor to the court to which he aspires.

RECORD NUMBER OF STUDENTS EXPECTED AT W.U.H.S. MONDAY

Registration Fair Exceeds Number Lost Last Year Through Graduation

The five-hundred mark in enrollment at the Washington Union high school will almost certainly be topped Monday if computations by school authorities are correct according to word this week from J. V. Goold, vice principal.

Last year the enrollment, at 499, was just one short of the half thousand figure. With 168 incoming students, registered last spring at the close of school to more than offset the 100 graduates, there should be a record attendance. Students who will drop out during the first few weeks will be offset by pupils who have not yet registered, it is thought.

Following plans laid at the end of the last semester, the class periods will be lengthened from forty minutes to an hour. The dropping of one period will insure a school day of the same length as last year.

Football practice, already under way after the distribution of equipment to varsity men this week, will swing into intensive workouts immediately. Jess Regli, coach, who has produced champions in all line of sports at the school, is determined to gather in another pennant this fall.

Sanitary District Election Sept. 17

Election of directors of the Niles Sanitary district will be held on September 17, according to statements made last week. Those whose names will be before the voters on that date will be Leon Vieux, T. Elliott and R. Peterson. Dr. E. C. Grau, who was to have been on the ballot withdrew this week, according to Leon Vieux.

LINGUIST HERE

W. Campbell Judge, of Berkeley, and Arthur Layne, of San Francisco, visited briefly in Niles Friday afternoon. Both were returning from Carmel, where Layne, an authority on local Indian dialects, was seeking out information concerning the aborigines of the Monterey peninsula.

UPTON SINCLAIR TO SPEAK AT CIVIC AUDITORIUM

Upton Sinclair, noted author and economist, and a gubernatorial candidate on the Democratic ticket, will speak in Oakland, at the Civic Auditorium tonight. He will be heard in San Francisco, tomorrow night. Sheridan Downey, candidate for lieutenant governor on the same ticket, will also be present, as will Patrick Cooney, Democratic candidate for attorney general.

Sinclair will speak on his Epic plan, and hold an open forum after the meeting at which time he will answer all questions put to him by the audience.

Sinclair's speaking engagements over the radio before the primaries are as follows: tonight (Thursday) over KPO at 7:30 P. M. and next Monday night, August 27, over KNX.

Upton Sinclair's campaign has received untold assistance from J. Stitt Wilson, former mayor of Berkeley, who has been delivering a series of addresses in behalf of Sinclair. Wilson will be heard tonight in Oakland, and in San Francisco tomorrow night. A resident of California for thirty years, Wilson is one of the greatest powers in the nation in awakening the social conscience of the churches of America. He is a friend and inspirer of hundreds of pastors and influential laymen throughout the nation.

TOMATO CANNERS REFUSE GROWERS INCREASED PRICE

Declare 75 Per Cent Of Pack Has Been Sold On Old Crop Figure

First attempts of tomato growers of Alameda, Santa Clara, San Benito and Contra Costa counties to secure an increase in the price of their produce above the present \$11.25 per ton were unsuccessful last week when the growers' committee met with the operating committee of the Canners' league.

The meeting was held in San Francisco, eight members of the canners' association meeting with three representatives of the growers. It was the recommendation of the canners that the growers deal with each canning company separately. As a committee, it stated, they were powerless to act for the entire group.

Points against raising the price for tomatoes which were offered by the canners are briefly: 75 per cent of the present pack is already sold at prices agreed earlier in the season. A raise in price to the growers could not be met profitably. The canners stated to the growers that the price being paid at present is equal to, or higher than, prices being paid by canners in other states.

Following the conference the growers' committee decided to act at once with state authorities. They decided to get in touch with Alex Johnson of the agricultural department in Sacramento. To speed matters, federal opinion is being asked. The committee will meet again this week to decide further action.

NO ARRESTS MADE AFTER THEFTS LAST WEEK

Two petty thefts, following which there were no arrests, occurred in Washington township last week. Both were daylight attempts. J. Garcia, tile plant employee reported to police that a number of personal articles had been stolen from his automobile, while the vehicle was parked near the plant.

Constable Tom Silva, after an investigation of hobo jungles near Centerville, reported that two strangers who were alleged to have stolen a number of cheap watches from a Centerville drug store last week were nowhere to be found. The watch theft was discovered after two men had entered the pharmacy and made a small purchase. They evidently reached out and lifted the watches as they were leaving the store.

Mr. and Mrs. W. H. Ford spent Sunday on board their yacht, Araquipa, in the St. Francis yacht harbor, at San Francisco.

NATIVE DAUGHTERS SEAT OFFICERS SATURDAY

In order that the new officers would be installed previous to the official visit of the grand president on September 4, the Laura Loma Parlor of the Native Daughters of the Golden West held a special meeting at the I. O. O. F. Hall Saturday night.

The following officers were seated: Lillian Burr, president; Mabel Crane, vice president; Adelaide Martin, second vice president; Amy Bennett, third vice president; Mary Bernard, treasurer; Ethel Fournier, recording secretary; Mae Moore, trustee; Belle Cahill, marshal.

Other officers of the group, elected recently, were not on hand for the installation. They will be seated later. The installation was not held at the last regular meeting, members said, because of a small attendance.

Official visit of the grand president, Mrs. Gladys Noe, will be on September 4, at the I. O. O. F. hall.

JUNIOR INSTITUTE CANYON OUTING SATURDAY

One of the first fall activities of the Sacred Heart Junior Institute of the Y. L. I., after a quiet month, will be a picnic and outing to be held somewhere in Niles Canyon Saturday.

The outdoor affair will be one of a series of similar events to be held during the late summer months. The group will hike to the selected picnic site.

Overseers of the junior group will be Mrs. Emma Alves and Miss Eleanor Silveria, both members of the Guadalupe institute, of Niles.

Next regular meeting of the young folks is scheduled for September 14, at the I. O. O. F. hall, Niles.

DECOTO MAN WILL EXHIBIT RARE BLOSSOM

Southern Alameda county will be represented by numerous flower growers at the flower festival in Oakland September 15 to 19.

Frank J. Thomas, of Decoto, head of the Thomas cactus gardens will enter the "Night Bloomer of Honolulu," a tropical species exceedingly rare in these climes. The plant, a native of Jamaica and well-known in the Hawaiian Islands is known to botanists as "hylocereus triangularis." The blossom takes from one to two hours to open and is from 12 to 14 inches in diameter.

WORK ON GROUNDS TO DELAY SCHOOL OPENING AT NILES

Youngsters Will Have Additional Week Vacation Here

Opening of the Niles grammar school will be postponed one week, it was learned this week when members of the board of trustees stated that work on school grounds improvements would not be completed before September 1.

Instead of beginning classes next Monday, August 27, as was originally intended, enrollment will not be until September 4, the Tuesday after Labor Day.

Additional play space for the children will be provided by work now under way at the school. The piece of property behind the school has been added to the grounds, and is being surfaced. When the entire yard is leveled and surfaced, a new fence will be put up around the additional piece.

QUINN SUPPORTER MAKING CAMPAIGN FOR LOCAL VOTES

Intent on securing southern Alameda county support for his candidate, John Edner, prominent Hayward politician, is this week making an intensive drive in this district for John R. Quinn, Republican candidate for governor of California.

Stating that prospects for Quinn's victory on the Republican ballot are increasing by leaps and bounds as the time for the primary nears, Edner is of the opinion that the outcome is assured.

While in the east bay last week, John R. Quinn, spent several hours in Hayward conferring with Edner, whom he regards as a potent local campaign force.

SHRINERS THRG TO MISSION OUTING SUNDAY

A huge motor caravan, composed of 3000 bedecked members of the Ahmies Temple of the Mystic Shrine, their families and guests, passed through Niles Sunday morning, on their way to Linda Vista park at Mission San Jose, which place was named as the mecca for the annual outing and picnic of the temple.

The caravan started from the temple at 9:00 a. m. with Leland Clerk and Louis Alborelli in charge.

At the Linda Vista grounds, the day was spent at baseball games, horseshoe pitching, foot races, and swimming in the spacious outdoor pool. There was dancing in the pavilion. Ice cream and coffee were served.

MRS. JANE BLACOW DIES AT SAN JOSE FOLLOWING ILLNESS

Was Member Of Pioneer Family In Irvington District

After a long and valiant fight for recovery, Mrs. Jane S. Blacow, 68 year old Irvington woman, was taken by death at San Jose Wednesday of last week. She had been seriously ill for many months.

Mrs. Blacow, who had been born in Irvington, was a member of a prominent Washington township family. Her death is mourned by hundreds in this district. She was a member of the Aquapura Lodge of Rebekahs, Irvington, and had been active in social life of the town for many years.

She is survived by a son, Joseph D. Blacow. Another son Sumner Blacow, died a number of years ago. A sister, Miss Annie Weston, and two brothers; Edward Weston and the late K. Reynolds were her close kin here.

Funeral services were Saturday, at 2 p. m. at the Irvington community church, with the Rev. Moore officiating. Interment was in the Odd Fellows' cemetery, at Irvington.

Jane Cahill, San Bruno school teacher, returned to Niles recently from a vacation in Alaska. She will resume her teaching duties at the southern school.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

VERDICT RENDERED NEXT TUESDAY

Perhaps the bitterest of all primary contests in California is drawing to a close. While it is doubtless true that the multitude of candidates has made a canvass for votes with an energy never before witnessed in this part of the country, and has often added spice to the political furor by hurling charges of graft and rank incompetence at opponents, the outcome is still very much in doubt.

Never before in America could one make a political prediction with less sound deduction to guide him. Discontent and unrest is rampant throughout the United States. The people are reaching out for something new. The voter as well as the taxpayer is dissatisfied with the status quo. He is apt to lose his temper when he votes, and lose it at the expense of those who now hold office. He may not discriminate, but like an enraged bull, hurl every object he meets before him in a wild frenzy of destruction.

The writer has taken a very active part in the attempted defeat of Judge Ira F. Thompson, appointee supreme court judge. He does not hazard a prediction on the outcome. He has made the best fight he could, and no man can do more. Whatever decision the voters make in this contest, he shall have no regrets that he has done all within his power to remove a disgraceful stain from the highest state court of California.

We wish to take this opportunity, while we are on the subject of judicial demi-gods, to express from the bottom of our heart our thanks for the marvelous support we have been given by the newspapers all over California in our fight on Thompson. It has amazed us, the almost universal co-operation accorded in this fight for the freedom of the press. The kindly consideration we have received, has been one of the happiest experiences of our life. To have the craft, of which we are a member, faithful to us, and willing to fight for us in a contest to maintain the higher principles of journalism, is something to cherish the remainder of our life.

Regardless, then, of the verdict of Tuesday, August 28, the writer extends to the California newspaper people his heartfelt thanks and deepest appreciation for their loyalty in an hour when loyalty means so much.

**ELKS ENJOY HUGE
VENISON FEED
MONDAY**

Southern Alameda county Elks, all with their appetites whetted for juicy venison steaks, journeyed to the Alameda Elk Club Monday night to partake of a menu that owed its success to the keen aim of five hunters directed in their quest for the deer by Harry Rowell.

The feed, an annual affair, cuts a wide swath in the social calendar each fall for sportsmen in this region. John Beoro, of Dublin, as chef, was second only to the hunters.

Among local Elks who enjoyed the evening were: Cy Solon, Leon Solon, Harvey Braun, Bill Kirk, Carl Zwissig and Supervisor Ralph V. Richmond.

It is said that a number of lucrative bets had been made on the hunters' chances.

A change in the Coroner's Office is Imperative!

No Man can serve two Masters!

THE present Coroner is trying to serve *two masters*—the public (in his official capacity) and his private undertaking business (as its president and principal owner).

The danger of this situation is apparent. It must be stopped. It can be stopped when voters elect an independent Coroner who is *responsible only to the public* and who has no private undertaking company for which he must make profits.

Do not be Mislead by Political Trickery

To mislead voters, the present Coroner is claiming to be the victim of personal jealousy.

That strategy will fool no one. James H. Quinn's courageous attack is not upon the Coroner as a *man*. It is an attack upon a vicious system—the system (outlawed by nearly every other California county) of allowing *any* undertaker to be a Coroner.

Will Cut Cost of Coroner's Office

Mr. Quinn will cut the cost of running the Coroner's office. By devoting full time * to Coroner work. By running the office with deputies who will devote full time to public, rather than private business. By moving the Coroner's office and the morgue to rent-free county buildings, in which space has already been provided and where no rent will ever be charged.

MAN RUNSAMUCK WITH RAZOR; NABBED BY AUTHORITIES

Seized by deputy sheriffs Sunday at Alvarado, where he is alleged to have run amuck with an open razor, Peter Cisnero, 30, is this week in the county jail awaiting arraignment before Judge Allen G. Norris at the Centerville justice court.

The sheriffs, J. M. Ritchie and Al Ayers, were summoned from Hayward by a hasty telephone call telling of Cisnero's one-man riot. They arrested him in the Mexican quarter of the town, where he is said to have been terrorizing the residents.

Cisnero has been in the toils of the law for similar disturbances before, it is alleged.

DECISIVE WIN ENDS BALL SEASON FOR GARINTEE NINE

Summer baseball ended with a blaze of glory for the Centerville Garintees Sunday, when they smothered the Salinas Garin team under a tally of 17 to 2 in a one-sided contest played at Salinas.

Terrific hitting, coupled with the shrewd pitching of Mederios had the Salinas crew on the run by the third inning. Maciel Centerville left fielder hit twice for triples. Silva connected for one. Faris, diminutive center fielder, electrified the customers with a home run and a triple. Mederios added to his laurels with a screaming three bagger into center field. While in the box he fanned sixteen men and allowed only three bingles.

According to Ernie Silva, captain, the decisive defeat evened an old score with the Salinas crew, which had previously disgraced the local nine with a 20 to 1 defeat. Silva stated his entire satisfaction with the Garintees, which he said were a credit to their organization and to the town.

PLANS FOR ANNUAL CLUB LUNCHEON UNDER WAY

Mrs. Frank T. Dusterberry, County Club president, and committee members are laying plans for the forthcoming annual fall luncheon of the club group, to be held on September 13.

Occupying a prominent place on the club calendar, the luncheon will be the first meet after the summer vacation. The attendance is always large.

(Mrs. R. L. Pond, chairman of the luncheon committee, is making arrangements for the meet. Mrs. E. Dixon Bristow, music committee head, will have charge of the program.

The day of the luncheon was shifted from Tuesday, the regular meeting day, to Thursday this time because of the proximity of legal holidays.

Further plans for fall activities of the club are in the hands of the ways and means committee, headed by (Mrs. Roland Bendl.

Cauliflower Setting Heavy This Season

With fall crops giving promise of greater market value than last year local vegetable growers are this week finishing setting out of the November cauliflower crop.

A considerable acreage of the green stuff has been planted in this district.

Planting of the later winter varieties will begin within the next two weeks, growers say. The later crops will be harvested in October and through the first of the year.

It is thought that the California vegetables this fall will find more profitable sale in the eastern markets this season.

EMILE SERPA WEDS OAKLAND GIRL SUNDAY

Word was received in Centerville Monday of the wedding of Emile Serpa, former Centerville boy, and Miss Elinor Valerie Steir, of Oakland, at the St. Bernard's Church in Oakland at 5 o'clock Sunday afternoon. There were one hundred guests present at the ceremony, which was followed by a reception to two score guests at the Hotel Alameda. The couple are honeymooning at Lake Tahoe.

The church was decorated with cathedral candles and summer blooms, placed on either side of the altar. The bride wore a gown of white satin made in train, with long, tight-fitting sleeves and a cow neckline. Her veil was of white tulle, forming a second train over the satin one. She carried a bouquet of lilies of the valley and bouvardia.

Mrs. Wayne Chesbro was matron of honor and gowned in pink mouseline de sole. Her bouquet was of blue delphiniums.

Wayne Chesbro was best man for Serpa. The ushers were Edward Kerrin and Frank Gallagher. The bride is the daughter of Mr. and Mrs. Lawrence Charles Steir, of Cole street, Oakland. Both she and her husband were graduated from the college of pharmacy, University of California, Serpa is affiliated with the Alpina Kappa Lambda fraternity. He is the son of Mr. and Mrs. A. Serpa, of Centerville. He attended the Centerville grammar school and the Washington Union high school, where he attained prominence as an athlete.

Mrs. Serpa is also a graduate of the College of the Holy Names.

They have taken an apartment in Oakland, which they will occupy when they return from their honeymoon. Serpa is the proprietor of a pharmacy on Telegraph Avenue, Oakland.

That "Goat" on Beer Signs Is an "Algerian Aoudad"

Cincinnati.—Beer drinkers who know their animals will order "Algerian aoudad beer" when going a-quaffing these days—at least, according to Sol Stephan of the Cincinnati zoo, who deposes that the animal appearing on the bock beer advertisements is not a goat but an Algerian aoudad. In the second place, he affirms, the aoudad is not a goat but a sheep.

Late Onions Need Careful Culture

Long Growing Season Before Hot Weather Found Big Advantage.

By Prof. J. E. Knott, New York State College of Agriculture.—WNU Service.

New York state leads in the production of late onions with a total crop each year that ranges from 2,500,000 to 3,500,000 bushels, and this crop is often worth about \$5,000,000.

Four major muck sections produce more than nine-tenths of the crop. The remaining one-tenth of the crop comes from smaller areas scattered throughout ten counties.

One of the most important points to remember in the production of onions is that the larger the plant grows before it begins to form a bulb at the base, the larger will be the yield. The first thing that is to be considered is the time of planting. The earlier the onions are started, the longer time they have to grow before warm temperature and a long daylight period combine to start bulbing in early summer. Fall plowing helps to get an early start.

Other suggestions to increase the yield of onions on muck are: avoid the use of nitrogen on newly cleared woody muck, and plant enough seed to get a good stand, but do not crowd the plants; supply available nitrogen to onions, when four to five inches high, on muck in use ten years or more; give shallow cultivation often enough to keep the weeds under control; and control insects and diseases as much as possible.

Asparagus Harvest Time Shown by Actual Tests

Asparagus, which ranks as one of the leading truck crops of Illinois with a total value of more than half a million dollars in 1930, should not be cut severely until the second year after the plantation is set, and in some cases not until the third year, according to a seven-year experiment conducted by the College of Agriculture, University of Illinois.

Severe cutting of asparagus is injurious both to yield and market quality. The injury increases in proportion to the severity of the cutting. A prolonged cutting season lessens the growing period of the tops and thereby restricts the food supply that is manufactured in the tops and stored in the fleshy roots. With a limited food supply there is a reduction in the yield the following season.

Comparing the yields of the experimental plots, the plot cut heavily the first year returned only 320.00 pounds of asparagus during the seven-year period, while the plot cut lightly the first season gave a total yield of 431.51 pounds.

Starting the harvest the second year proved advantageous with a total yield of 434.21 pounds for the seven years from the plot harvested rather severely, but the maximum yield of 531.53 pounds was gained from the bed cut only lightly the second year and medium the third season. The plot on which harvest was not begun until the third year gave a total of 467.80 pounds. If an asparagus plantation has made a poor growth during the first and second years after setting, it is suggested that the first cutting be delayed until the third year, or at most that the cutting be very light the second year. Ordinarily, however, there is no need for delaying at least a partial harvest until the third season.

Fattening Lambs

Many feeders claim that lambs can be more economically finished for the market by self-feeding than by hand-feeding. This claim is based principally upon the fact that when large numbers of lambs are fed, self-feeding saves man labor, and that is no doubt true. However, when only one or two carloads of lambs are fed, the saving of labor is not quite so evident, if, indeed, there is any saving at all. There are also several other factors which must be taken into consideration in making a choice between the two methods of feeding, that sometimes have a greater effect upon the costs of production than the factor of labor.

WILLIAM DUTRA WEDS MISS RUTH JENSEN AT NILES SUNDAY

One of the surprise weddings of the season was that of William E. Dutra and Miss Ruth Octavia Jensen, the ceremony having been performed in Niles early Sunday morning, August 19, by Judge Silva.

Although a number of close friends of the young civil engineer knew that his thoughts were running along matrimonial lines lately, it was understood that the wedding would not take place until later in the year. Mr. and Mrs. William Maffey, friends of the contracting parties, served as best man and matron of honor for the occasion. Immediately after the ceremony, the couple left on a honeymoon trip that will take them as far north as Eureka, from which point they will motor through the coast range mountains to Redding and then on to Lassen Park before returning to the bay section.

The bride is the daughter of Mr. and Mrs. Hans Jensen, of Alameda. She is a graduate of the Alameda high school, and for several years she has held an important position in an Oakland department store. The groom is the son of Mrs. Mary Dutra, of Newark. After attending the Centerville high school for three years, he enrolled in the Oakland Polytechnic school where he fitted himself as a civil engineer.

The young couple will locate temporarily in Oakland. Later Dutra will open an office somewhere in Washington township, and at that time they will make their home in this part of the county.

Boom Times Predicted When Pipe Plant Comes

While in Newark last week, Mr. and Mrs. T. A. Silva, who are now residents of Redwood City, leased their hotel in Newark to parties who will open it preparatory to the beginning of work in the cement plant that will be built in Newark to make pipe for the Hetch Hetchy water main to be laid between the hills and the bay shore. It is reported that the work will cover a period of two years and that more than half a million dollars will be spent in the township. It is predicted that all vacant houses in Newark will have been occupied by the time work is in full swing.

Ralph Howard, of Medford, Oregon, is visiting his cousin, Beth Musick, in Newark. He will remain until high school opens in Medford.

John E. Dutra left on a deer hunt in Mendocino county last week. He generally brings venison home when he takes to the tall timber deer hunting.

Mrs. John E. Dutra and son, Jackie, returned Sunday from a sojourn in Santa Cruz. They were accompanied by Mrs. Mary Dutra.

Mr. and Mrs. M. Hoffman, Mr. and Mrs. B. L. Silva, and Mr. and Mrs. F. E. Pine, all of Newark, attended a theatre and a cabaret in Oakland, Sunday night.

The Misses Jennie and Lillian Hoffman and Helen and Patsy Barton attended the dance in Sweet's ballroom, Oakland Sunday night.

R. Silva returned to his home from the hospital last week. He was not operated on, but has to remain in bed for some time.

Mr. and Mrs. T. C. Carver and family visited in Oakland Sunday.

Mrs. J. Buchanan left Saturday to spend a week's vacation at Neptune Beach, Oakland. She has taken a cabin there.

J. E. Pashote and his brother, Al Pashote, attended the Elks Club Tuesday night in Oakland. On Thursday the two will attend the Alameda County Freemasons' Association meeting at Hayward.

BURGLARS ATTEMPT POSTAL THEFT AT NEWARK

Last Saturday morning Postmaster Julia Ruschin discovered that an attempt had been made during Friday night to burglarize the Newark postoffice again.

The burglar had bored holes entirely around the lock and door knob of the rear door, probably intending to reach the night latch further up on the door. However, the job had not been finished as some person must have scared the burglar before he had time to make entrance.

During the same night the Newark Meat Market was entered, and the following morning the front door was found ajar. S. Trinidad, the proprietor, reported that he could not find anything missing. During the night two shots were fired somewhere in the town, and the shots may have frightened the burglar.

Service to motorists in this district will be better than ever, following the installation of the latest brake testing and adjusting equipment at the two township branches of the Rose's garage.

The new machinery and testers are the first of a new line of devices that Rose will install to make his garages more up to the minute. He added three new mechanics to his force last week.

Ruth Bettinger, of San Jose, has spent several days with Betty Jane Steinhoff, of Newark.

ARMY LIFE APPEALS TO FORMER NEWARK YOUTH

Private John E. Bearden, formerly known in Washington township as "J-E," writes from Hawaii, where he is stationed at Schofield Barracks, that army life continues to appeal to him. Recently he was given a promotion with an increase in pay. Aside from his duties as a private, John is finding time to take a course in motor transportation. With his letter was forwarded copy of the "Aloha to Roosevelt" edition of the Honolulu Star-Bulletin. OAKLAND MACCABEES LOSE TO J. & F. NINE SUNDAY

Newark's J. & F's beat the Oakland Macabees on Sunday by a 11 to 3 score.

Silva pitched the first seven innings and allowed nine hits and three runs. L. Thompson, grammar school boy of 15 years, pitched the last two innings and allowed one hit and no runs. Soito, catcher, hit 1000, 3 for 3 tries. W. Robinson hit 3 for 5 tries. Two were doubles. Ornella and Howard Robinson both hit triples. Kid Robinson played a good game as short stop. He got 2 hits for 5 tries.

Newark will play the colored team from Berkeley next Sunday at Newark. This team has promised to put on a shadow baseball act for the fans.

The J. & F's. have challenged the Alameda club winners of the Oakland Tribune tournament. The game will be played early in September.
